## Pupil premium strategy statement 2022-23

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

#### **School overview**

Detail	Data
School name	Weston Turville CE School
Number of pupils in school	191
Proportion (%) of pupil premium eligible pupils	11%
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2022-23
Date this statement was published	November 2022
Date on which it will be reviewed	September 2023
Statement authorised by	Governing Body
Pupil premium lead	Victoria Gibbs
Governor / Trustee lead	Emily Cleaver

## **Funding overview**

Detail	Amount
Pupil premium funding allocation this academic year	£31,775
Recovery premium funding allocation this academic year	£0
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year	£31,775
If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	

### Part A: Pupil premium strategy plan

#### Statement of intent

#### Inspire, Believe, Achieve - Together

At Weston Turville our vision for all children includes...

"In partnership with our families and local church we foster strong, caring relationships based on mutual respect and kindness. Through these we nurture our children to become confident, independent lifelong learners who are resilient and resourceful; learners who persevere in the face of challenge. We aim for our children to see mistakes as opportunities to grow, and take joy in their own achievements as well as those of others.

We want our children to be physically and mentally healthy and happy. We want them to grow into young people who know how to care for their bodies, spirits, minds and hearts, and those of others. We want them to experience true equity within our walls and foster it with others long after they leave us. We want them to be grateful for their gifts and for the world around them. Young people who understand and appreciate their rights, and also recognise their responsibilities as citizens of their local, national and global communities."

Weston Turville CE School Vision Statement

However, some of our children need more support than their peers to reach this vision because of disadvantages that they suffer, such as family financial hardship, disability, being in care or being adopted, being in a Forces family or caring for family members. Founded by Sir Arthur Isham, Rector of Weston Turville, in 1873, the school's central purpose was set out in its original trust deed - to educate the poor of the parish. We therefore work extra hard to support these children, and the funding provided by the DfE enables us to provide additional resources, adults and experiences.

These additional resources enable our children to make accelerated progress from their starting points, and catch up with their peers in reading, writing and maths, as well as other areas of the curriculum. They are used to build confidence and skills by enabling the children to take part in a wide variety of curricular and extra-curricular activities. They also enable us to care for the children's mental health and prepare them for secondary school.

## **Challenges**

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge	
1	Poor attendance for some	
2	Underlying cognitive needs for some	
3	Lack of parental support at home with homework, reading, spelling, tables practice for some	
4	Lack of parental engagement with school/failure to recognise the value of education/communication for some/financial hardship	
5	Lack of parent literacy and numeracy for some	
6	The impact of the pandemic on academic and social skills, including those whose parents were working throughout the lockdowns.	

#### **Intended outcomes**

This explains the outcomes we are aiming for by the end of our current strategy plan, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
More disadvantaged pupils meet the phonics check standard at the end of Year 1 and Year 2.	The one disadvantaged pupil in Year 1 reaches the expected standard.
	The one disadvantaged pupil in Year 2 who did not meet the standard in Year 1 meets it at the end of Year 2.
More disadvantaged pupils meet the KS1 standard for reading and maths at the end of Year 2.	Two of the three disadvantaged pupils in Year 2 meet the expected standard for reading and maths at the end of Year 2.
More disadvantaged pupils meet the KS2 standards for reading, writing and maths	Two of the four disadvantaged pupils in Year 6 meet the expected standard for reading and maths at the end of Year 6.
More disadvantaged pupils in Years 3, 4 & 5 make at least expected progress in reading, writing and maths.	Five of the ten disadvantaged pupils make at least expected progress in reading, writing and maths.

### Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) this academic year to address the challenges listed above.

### **Teaching (for example, CPD, recruitment and retention)**

Budgeted cost: £11,628

Activity	Evidence that supports this approach	Challenge number(s) addressed
Inclusion Manager (teacher) oversees provision for disadvantaged across the school for one day per week	Using best qualified and most effective teachers to support disadvantaged pupils has proven to have the greatest impact.	1-6
Inclusion Manager supports disadvantaged pupils with their learning during her day per week.	Using best qualified and most effective teachers to support disadvantaged pupils has proven to have the greatest impact.	2,3,5,6

## Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £18,647

Activity	Evidence that supports this approach	Challenge number(s) addressed
PE support (£1,000)  Qualified PE teacher delivers specific active team games support to encourage pupils with co- operation, communication and fitness.	Using best qualified and most effective teachers to support disadvantaged pupils has proven to have the greatest impact.	6
TA learning support, interventions (£16,647) Specific support for phonics, reading, writing and maths skills development.	Where TAs are overseen effectively by qualified teachers and their support is specifically targeted for finite periods of time they can help children make up lost ground in specific areas, such as phonics.	1-6

	School-led tutoring contribution (£1,000) to enable pupils to catch up on what they have missed through the pandemic	Government research shows this is an effective way to enable students to catchup, and if 75% funded by the DfE	6	
--	--	--	---	--

## Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £1,500

Activity	Evidence that supports this approach	Challenge number(s) addressed
Financial support for trips/swimming (£1000)	Pupils are known to build teamworking skills and independence when taking part in trips.	4,6
ELSA support (£500)	Pupils experiencing mental health difficulties benefit from talk therapies.	4,6

Total budgeted cost: £31,775

# Part B: Review of outcomes in the previous academic year

#### Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

#### Year 6

There were four disadvantaged pupils in Year 6 in 2021-22, one of whom had special educational needs. One pupil met the expected standard in all areas; two in two areas and one in no area. One of them made more than expected progress from Year 2 in all areas, two of them made expected progress in all areas, and one did not make expected progress in any area.

All four children received support in class, and some interventions, especially the SEND pupil. Two received 15 hours of tutoring within a small group for maths. Two received ELSA support for their emotional needs, and all were given support to prepare them for secondary school.

#### Years 1-5

There were sixteen disadvantaged pupils in Years 1-5 last year. Nine of them had special educational needs (56%) and one was dual-registered at another school for much of the year. Seven of them made at least expected progress over the year in reading, writing and maths, including three with special needs.

All sixteen children received support in class, and some interventions, especially the SEND pupils. Ten of them received 15 hours of tutoring in either English or maths, and one of them received 30 hours of tutoring in English. Four of them received ELSA sessions to support them with their emotional wellbeing.

#### Service pupil premium funding (optional)

For schools that receive this funding, you may wish to provide the following information:

Measure	Details
How did you spend your service pupil premium allocation last academic year?	Teaching Assistant allocation to both pupils.
What was the impact of that spending on service pupil premium eligible pupils?	Based on teacher assessments  One reached the expected standard in all areas while the other did not reach it in any area.  One made at least expected progress in all areas, while the other made expected progress in writing.

## **Further information (optional)**

We are taking part in the Buckinghamshire Disadvantaged Challenge Project alongside our Liaison Group in the year 2022-23.
