

Optional Creative Homework Tasks

Here are some suggestions of activities that you could complete at home.

Some may take more than one week.

We look forward to seeing your efforts.

<p>Reading</p> 	<p>Create a book review poster to go in our class Reading Journal.</p> 
<p>RE</p> 	<p>Write a prayer to add to our class Prayer Book that we can share during our class worship. Decorate it nicely.</p>
<p>Maths - length and perimeter</p>	<p>Find five rectangular objects in your home. Measure the lengths and breadths of the sides and calculate the perimeter in cms. Present your calculations in a table.</p>
<p>Art - rainforests</p>	<p>Practise drawing some rainforest animals. Use photographs or an online drawing tutorial to help.</p>  <p>Bring in your best picture and we can put it on our rainforest display.</p>

<p>Science - plants</p>	<p>Design a brand new species of rainforest plant. It can be a tree, flower or any other type of plant. Draw and label its features and describe how it has adapted to survive in its environment.</p> 
--------------------------------	--

PSHE - keeping safe	Create an eye-catching, colourful poster that gives advice to others on how to keep safe in hot weather.
