

# Class 2 Newsletter

Summer 2 2021

Dear Parents,

Welcome back for the final term of the infants! We hope you and your children had a chance to relax over the break. This term will be an exciting one, with sports day, class swaps and many fun sunny days (fingers crossed).

## **Curriculum**

Our topic this half term continues to be Nature Detectives. Please find the topic web attached, with an overview of what will be covered. Alongside our topic work we will be following the usual Literacy and Maths curriculum for Year 2.

## **Reading**

Please continue to read with your child at home as often as possible, writing comments in your child's home school diary about how they are progressing at home.

## **Library**

Our library day continues to be Thursday.

## **PE**

We will be preparing for the Infant sports day this term, and will be spending as many sessions outside as the weather permits. Please make sure your child has a full kit, including a jumper or tracksuit bottoms/ leggings for slightly chillier days on a Tuesday and Friday.

## **Science**

As part of our Nature Detectives topic we will be making bird feeders. Please could you save a milk/juice carton (the cardboard style) to assist us with this.

We look forward to a fun-filled final half term!

Yours sincerely,

Mrs Warburton and Mrs Moore
