

Autumn 2021 - Year 5

Newsletter 1

Dear Parents,

Hello and welcome back to a new and exciting year at Weston Turville CE School. I hope you are all well and managed to have a relaxing summer break. I am really looking forward to the term ahead and the exciting new things we will all be learning.

This year we are very incredibly lucky to have a fantastic team of Teaching Assistants working in Class 5. Mrs Norton, Miss Wigglesworth and Mrs Warner will be with us every day. Mrs Ardley, Mrs Galliers, Mrs Lim-Burgess and Mrs Andrews will be with us at various points during the week. Mrs Gelly will be teaching Class 5 on Tuesdays. She will be teaching an English lesson and written arithmetic, art/DT and computing.

Our topic for the first half term is 'The Angry Anglo-Saxons'. In History we will study who the Saxons were, where they came from, why they invaded and the impact they had. We will use an enquiry approach trying to find evidence to answer historical questions. Our RE topic will be exploring the role of Sacred Texts in different faiths. In art we will create collages in the style of Matisse, Anglo-Saxon weaving and clay dragon eyes and in computing we will be recording and layering sounds. Science is all about classifying and changing materials with lots of scientific enquiry. The topic web will show how the topics link across the curriculum.

In English we will look at the magic and mystery associated with myths and legends taking Michael Morpurgo's 'Beowulf' as our text. Whole class guided reading will take place each day.

In maths we will spend the first half term concentrating on place value and number operations, assessing where the children are and targeting any gaps including plenty of mental maths and multiplication tables practice! Mrs Gelly will be focusing on multiplication tables and written arithmetic in her lesson on Tuesdays. PE will be on Wednesdays and Fridays and the children will need to bring their PE kits on these days. We will be working on hockey skills on Wednesdays with Mrs Ellis. In our Friday lesson we shall improve our balance and strength with some yoga.

Homework will be set on a **Friday** and needs to be returned by the following **Wednesday**. Spellings for the week will be set on **Friday** and guided spelling sessions will take place during the week to help the children learn the words and meanings. They will then be tested on **Thursday**.

I hope you find the above information clear. If you have any queries, please feel free to email or make an appointment at the office. hoodless@westonturville.bucks.sch.uk

Mrs E Hoodless

Science - Materials and changes. Solids, liquids, gases, insulators and conductors.
Separating by sieving, filtering and evaporation.
Properties of materials.

Computing/Music -
Layering sound.
Radio station using the program audacity.

RE - Do Muslims need the Qur'an? The importance of Sacred Texts.

PSHE - myself and my relationships - beginning and belonging.

PE - Invasion games - hockey skills

Yoga
